- Keep going after small mistakes.
- Finish with a confident bow or smile.

PRACTICE CHALLENGE

3 Mini Performances

This month, students are encouraged to perform a short piece three times: once for family, once for a friend, and once as a recording to hear their progress.

PERFORMANCE FOCUS

Building Confidence

Students recently participated in Performance Day to practice playing in front of others. This will be a common theme this year so students get plenty of practice.

STUDENT TIP

Practice Routine

- Pick one consistent practice time for school days.
- Keep books and lesson materials in the same place.
- On busy days, aim for 10 focused minutes instead of skipping.
